Re: Mitsubishi UFJ Foundation Scholarship Program FY 2025

We, Mitsubishi UFJ Foundation, are very pleased to inform you that we will continue to support outstanding students at Chiang Mai University through our scholarship program.

Since our scholarship program began in 1992, a total of 308 students from Chiang Mai University have received our scholarship.

We sincerely appreciate your kind cooperation and continuous support for over 30 years.

Scholarship Program Update for FY 2025

Given the economic growth in your country, we will revise our scholarship program to focus more on developing internationally competitive talent who could serve as bridges between your country and Japan and the world as follows ;

- We will **increase the scholarship amount per student** to **THB 50,000** to provide more substantial financial assistance.
However, due to funding limitations, we will **reduce the number of recipients** from 10 to **6**.
We appreciate your understanding.

- We fully respect the current selection criteria established by your university and the scholarship selection committee.

While it is perfectly acceptable to continue using the existing criteria, we would appreciate your consideration in prioritizing **Pro-Japan talents** in future selection processes.

Pro-Japan talents refer to students who demonstrate a strong interest in Japan through concrete actions, such as :

- Aspiring to work in Japan or for a Japanese company, or aiming to contribute to strengthening relations between their home country and Japan
- Currently studying the Japanese language, Japanese studies, or fields such as Japanese culture, literature, and arts.
- Planning to study abroad in Japan for a master's or doctoral program at a Japanese university.
